Motion by Rogers, seconded by Running-Marquardt to approve first consideration of an Ordinance Amending Chapter 20 of the Code of Ordinances, Linn County, Iowa by Amending Sections in Article III Relating to the Linn County General Assistance Program.

Matt Warfield, Deputy Auditor, presented and explained the ordinance amendment that extends the time of imposition of a Local Sales and Services Tax (LOST) from 2024 to 2034 as approved by voters.

Motion by Rogers, seconded by Running-Marquardt to approve first consideration of an Ordinance Amending Chapter 24 of the Code of Ordinance, Linn County Iowa by Amending Provisions in Article II relating to the time of Imposition of a Local Sales and Services Tax.

The Board discussed proceeding with issuing approximately $10 million in Conservation, Land, Water and Legacy Bonds.

Dawn Jindrich, Finance Dir., stated that the Conservation Board approved a resolution asking the Board to issue bonds and she provided the list. She stated that this is a lengthy process and if the Board agrees to proceed, she will work with a financial advisor. The plan is to issue bonds before the end of June 30, 2023. This is the fourth in this series and they have issued $17.2 million thus far.

Chairperson Zumbach asked about the timing of the remaining $12.5 million, hoping that it can be scheduled so that everything does not happen at the same time.

Dennis Goemaat, Conservation Dir., stated that they are open to working with everyone on the process and going forward, he will keep the Board informed of projects and timelines. They can be flexible.
Supervisor Running-Marquardt thanked Goemaat for the flexibility and noted that this was voted on by the people and approved by the people and she wants to follow the will of the people.

Supervisor Rogers highlighted the fact there is a cost associated with issuing bonds and there are a lot of mechanisms and moving parts, so there is a method to that madness. He stated that this process has demonstrated financial stewardship and they take advantage of the County’s triple A bond rating.

Motion by Rogers, seconded by Running-Marquardt to direct Dawn Jindrich to start the process of issuing approximately $10 million in Conservation, Land, Water and Legacy Bonds.

Lisa Powell, HR Dir., presented a 5-year contract between Linn County and IBEW Assistant County Attorneys effective July 1, 2023. The five year agreement was ratified on February 13th as follows: Year 1 - 5.7%; Year 2 - 5.5%; Year 3 - 5%. The last two years are wage reopeners.

Motion by Running-Marquardt, seconded by Rogers to accept the 5-year contract between Linn County and IBEW Assistant County Attorneys effective July 1, 2023.

Discussion: Supervisor Rogers stated that this is the second contract post chapter 20, noting that AFSCME is 2.5%. This reflects a new reality.

VOTE: All Aye

Powell also presented a five year Service Agreement with AIG/Corebridge to provide deferred compensation services to Linn County. She stated that the existing deferred compensation program is currently under-utilized. She and a committee have worked with the consultant and recommendations are to reduce providers from six to one. This has gone through a legal review and they are compliant with all aspects.

Motion by Rogers, seconded by Running-Marquardt to authorize Lisa Powell to sign a five year Service Agreement with AIG/Corebridge to provide deferred compensation services to Linn County.

Powell also presented an updated Authorized Signer Letter for Linn County Deferred Compensation Program administration.

Motion by Rogers, seconded by Running-Marquardt to authorize Chairperson to sign Authorized Signer Letter for Linn County Deferred Compensation Program administration.

Darrin Gage, Dir. of Policy & Admin., presented a Resolution awarding contract for the Linn County Secondary Roads District 1 Shop Building – Phase 2 Project (new building near Palo). Bids were received Friday, opened on Monday and Garling Const. is the lowest responsible bidder.

Supervisor Rogers stated that he has an interest in tabling this action. This is a contractor that was used for a recent project (Mental Health Access Center/Fillmore Bldg.) project and there were significant issues that gives him pause. He would like to have some conversations to make sure there are assurances in order.

Motion by Rogers, seconded by Running-Marquardt to table the Resolution awarding contract for the Linn County Secondary Roads District 1 Shop Building – Phase 2 Project for a future date.

Discussion: Supervisor Rogers stated that he knows Supervisor Zumbach will be off and he does not anticipate this being placed back on the agenda while he is gone.

VOTE: All Aye

Public Comment: Ben Rogers, Board of Supervisors, stated that they have had several staff members that need to be highlighted for their exceptional work. Deputy Auditor Rhonda Betsworth came back from a vacation (which speaks volumes to her) to recalculate the valuation report due to the State’s SF 181. She also assisted Dawn Jindrich and Sara Bearrows who also provided exceptional stewardship and leadership. This could not have been done without except employees like Betsworth, Bearrows & Jindrich.

Motion by Zumbach, seconded by Rogers to appoint Richard Walther as Marion Township Trustee, term ending 12/31/26.

The Board recessed at 10:51 a.m. and reconvened at 1:30 p.m. to discuss cuts to the FY 24 budget as a result of SF 181.

Sara Bearrows, Budget Dir., reviewed with the Board decisions that need to be made today and presented a list of potential cuts that all three of the Board members agreed on and did not agree on (reflected in a column for each board member). She also stated that if the Treasurer’s bill passes, the Board can meet and put cuts back
in the budget, but for now, the Board needs to make a decision on cuts to total at least $1,743,750.00.

Discussion continued regarding salaries for management/confidential and Elected Officials/Deputies.

It was explained that a 4.5% increase for the above-mentioned salaries is in the budget. The Compensation Commission’s recommendations will be made at the time of the budget public hearing, however, the Board can make a decision on those salaries at any time. If the decision is more than the 4.5%, it will need to be absorbed within each budget. If it is less than 4.5%, that also remains in each department’s budget.

Running-Marquardt stated that she is not comfortable with 4.5% for Elected Officials but she is for management/confidential.

After review of the list of cuts that the Board agrees on 100% and cuts that the Board does not agree on, Supervisor Rogers made the following motion:

Motion by Rogers to approve a cut in the amount of $1,743,805 which reflects everything in the column that he presented.

Motion died for lack of a second.

The Board continued through the list of potential cuts, one by one.

Dennis Goemaat, Conservation Dir., offered that the sewer connection to the campground in Central City in the amount of $250,000 be funded through ARPA and cut from the general fund. The Board expressed their appreciation for that suggestion and will take it into consideration.

Supervisor Rogers expressed his extreme frustration that his motion did not receive a second. The previous Board came to an agreement that a motion would always be seconded in order for a discussion and for the person making the motion to have the opportunity to present their reasoning. His example to Chairperson Zumbach is that he seconded his motions regarding the solar ordinance when he didn’t necessarily agree. His motion today did not even get a second to discuss.

Chairperson Zumbach apologized profusely.

The Board continued reviewing cuts and when discussing cuts to Secondary Roads and Conservation, Dennis Goemaat and Garret Reddish, Asst. Co. Eng., advised the Board that whatever they decide to do, they will make it work.

When discussing cuts to various department’s travel expenses, Rhonda Betsworth advised the Board that the $7,000 they were considering was for out of state travel and all could be cut.

Running-Marquardt stated that she had indicated that funding the Resiliency Coordinator position ($88,000) was a priority of hers (to be paid from the general fund) and hoped they could still do that.

Supervisor Rogers indicated that the position was funded through ARPA until January 9th.

Motion by Rogers, seconded by Running-Marquardt to approve the agreed upon FY 2024 budget cuts totaling $1,743,750.00.

Discussion: Chairperson Zumbach apologized again to Supervisor Rogers for not having a second to his motion.

VOTE: All Aye.
