Goemaat reviewed the proposed rental lease agreement for a park residence at Pinicon Ridge Park. Hughes asked if the work to be conducted by the employee was in an addendum. Goemaat noted multiple projects along with changing park duties at times. Oleson asked if the lease was market rate. Goemaat noted this was below market rate due to the additional benefit accrued through maintenance projects that would be performed by the lessee. Oleson asked how many years would the current lease be reviewed to consider lease rate adjustment. Goemaat noted long-term additional work would provide continued benefit. Goemaat also noted IRS has not taxed staff for Park Ranger duties because of the benefit accrued to the Conservation Department. Hughes suggested a term to review ongoing benefit to determine if lease rate should be updated and potential future need of a contractor to take on needed maintenance work. Goemaat concurred with periodic review of the lease rate in light on accrued benefit to the department. Hanson asked about the lifespan of the residence. Goemaat noted the residence would likely last another 30 years or more with proper maintenance.

MOTION by Emerson, second by Hughes

To authorize the Director to sign the lease for the Pinicon Ridge rental residence with a 3-year lease rate evaluation timeline.
