

# COVID-19 VACCINE APPOINTMENTS For Adults 65+ in Linn County

On January 26, individuals 65 years and older became eligible for vaccine in Linn County.

## Linn County Public Health (LCPH)

Works with providers to allocate vaccine, but does not oversee their appointment process.

## Local Vaccine Provider

Has their own process for contacting patients and making vaccine appointments.

- Appointments are required and fill quickly due to limited amounts of vaccine available.
- Contacting 65+ patient population by mail, phone, text, email, or messaging such as MyChart to offer appts.
- Asking patients not to call or walk-in to clinics or pharmacies to request vaccine at this time.
- A high volume of calls makes it more difficult to assist patients with immediate needs.
- Asking for your patience while working through eligible individuals with limited vaccine supply.
- More appointments will open as vaccine supplies increase.

Frequently check your healthcare provider's website for information and instructions for scheduling appointments.  
If you do not have a primary healthcare provider, please contact LCPH at (319) 892-6097 for assistance.

## Eastern Iowa Health Center

Contacting eligible patients by phone, text and email to schedule appointments

- Eligible patients may also schedule appointments by calling (319) 730-7300, #6
- Learn more at [easterniowahealthcenter.com/covid19/vaccine/](https://easterniowahealthcenter.com/covid19/vaccine/)

## Mercy Cedar Rapids

Contacting a list of Mercy and MercyCare patients with MyChart as vaccine supply allows

- Eligible patients & community members may visit [mercy.org/covidvaccine](https://mercy.org/covidvaccine) to schedule appointments
- Those without access to a computer may call (319) 369-4604

## Unity Point Health-Cedar Rapids

Contacting primary care patients by mail, phone, and text as vaccine supply allows

- Eligible patients experiencing technical difficulties may call (319) 730-9439
- Those without a Unity Point provider may visit [unitypoint.org/findadoctor](https://unitypoint.org/findadoctor), or call (319) 558-4858 for assistance
